

**The Exe Spearfishing Club** has been established for over 20 years. During that time the club has seen a great deal of success in national competitions, with some club members representing Great Britain at international competitions around the world. Pete Crawford, Dave O'Callaghan and Dave Tomasson have competed at the highest level and have many years of experience between them.

We are a small club that is keen to grow with all spearo's from the South West welcome to join us. The club's aim is to develop a reputation of being friendly, that welcomes all levels of ability from novice to world champions and their families. With regular dive meetings planned it is hoped that members will be able to learn from each other and find more like minded people to dive with.

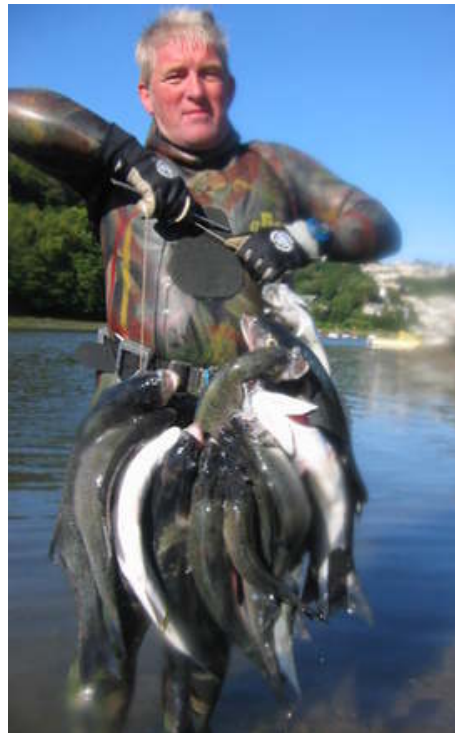

The club abides by a voluntary code of conduct with conservation being central to the clubs ethos.
