

The **London International Club ("LIC")** was founded on 8th October 1999 by a group of friends and passionate spearfishermen in London. During the following years the Club grew rapidly to become the largest spearfishing Club in the UK, with over 57 members in England, and by far the most international, with over 15 members abroad and 16 nationalities represented.

The Club is a non-profit organisation and is purely devoted to supporting its members and promoting spearfishing in England and internationally. The Club acts as the centre point for many activities, including Club dives, meetings, social gatherings & BBQs, sharing transport and boats, sharing knowledge and above all friendship. The Club also regularly organises international spearfishing trips drawing on the wide network of contacts. Previous trips included Mozambique, South Africa, Greece, Portugal, Ireland, the Azores and Ascension Island.

Several Club members also participate in the British Spearfishing Championships and have achieved good results in the UK (including winning the championship 3 times in the last few years) and internationally at the World Championships.

The Club has an informal and friendly approach, and a strong team spirit. We welcome all levels of experience and of course we are open to friends & families!

Our website is www.spearfishing.org.uk feel free to visit it if you want to learn more about us.
